When Netanyahu Becomes the "Shahid of Sham"!

In Gaza, whose murtadd rulers demand that the Muslims abandon all their issues and all their tragedies, moreover, all matters of their religion, to devote themselves to the support of its people against the kafir Jews, a foolish taghut goes out to distribute the titles of shahada and jihad to those who kill Muslims in other countries, rape their women, destroy their homes over their heads, and make vanish hundreds of thousands of their youth in prisons. And this is just because this taghut and the kafir state that stands behind him gives them money or supplies them with weapons. For this murtadd sect and its successors, Gaza has become the standard of tawhid, as described by one of the tawaghit among the pretenders of knowledge and advocates of fitna.

And in Ramallah, another murtadd comes out, whose brothers sought to make him a symbol for Muslims, to declare, while on the brink of death, his support for the Nusayri taghut Bashar al-Assad and pray for him to achieve victory over the Muslims among the people of Sham. Then, his murtadd brothers call upon Muslims everywhere to support their "prisoner," who is no less in his crime than the Jews who imprisoned him, and to pray for him for victory and relief. The issue for them is that this murtadd and anyone like him is excused no matter what he did because he is from Palestine, and because he belongs to a sect that claims jihad for the cause of Allah, or because he sees, like his brothers in Gaza, that the Palestine issue is the "only criteria" to evaluating people! So, whoever shows support for Palestine is a mujahid who has a perfect faith, even if he is the most kafir person on the earth! He is a shahid for the sake of Allah even if he does not believe in Allah at all, and he is a mujahid for the establishment of the religion of Allah even if he believes in the religion of shirk or secularism. He will even be considered a supporter of the weak Muslims, even if he killed Muslims in other countries, many times more than what the Jews and the Crusaders killed! All this does not matter as long as "Palestine is the criteria of tawhid" for these murtaddin.

This false standard, despite the emergence of its invalidity and heresy, today, it is common among all national movements that falsely adhere to Islam. All of them have placed the issue of the country in which they fight or oppose their rulers, above every other issue related to the origin of Islam or the fate of Muslims in other countries. Whoever supports these criminal movements will be forgiven for all his sins! They have no problem with him doing what he wants to others. Then they shout false slogans about the unity of the Ummah of Islam, the unity of its cause and its destiny, and they talk about the one body which if any part of it is not well then the whole body shares the sleeplessness and fever with it.

Based on this "new standard," murtaddin turn a blind eye to all crimes of the movements they support. They excuse them based on the fact that they see the cause for which they raise slogans to be the standard of tawhid, jihad and shahadah! There is no harm, in their opinion, if two movements of them rule over the same taghut or sect to which he belongs, with two contradictory rulings according to the criteria of each of them. So, the murtadd taghut "Qassim Soleimani" - for example - would be a criminal kafir among the murtadd movements in Sham for contradicting the "standard of tawhid" of those movements, which is "opposing the Nusayri regime"! At the same time, he will be a "shahid mujahid" among the murtadd movements in Palestine, as he fulfills their "standard of tawhid," which is "the opposition of the Jews who usurped the land of Palestine." Likewise, the Turkish army will be a sect of kufr and riddah in Somalia because it supports the murtadd Somali government, and it will be an army that follows "the prophetic methodology" in Sham for being supportive of the murtadd factions in it!

Moreover, these strange and heretical standards, in the determination of tawhid, lead to contradictory rulings, as happens with the remnants of the murtadd factions in Iraq. They declare their love and loyalty to some of the tawaghit of the Gulf, for example, because they one day provided them with support and funding to fight the Islamic State. And by that they were fulfilling their "standard of tawhid," which is helping them to achieve what they call "the liberation of Iraq," even though those tawaghit themselves are among the most supportive of the Crusade against Iraq since its start. They were among the financiers of the Rafida militias that destroy the cities of the Sunnis, imprison and kill their sons, and rape their women. In this way, these tawaghit are "achievers" and "contradictors" of the heretical "standard of tawhid" that the murtaddin rule is based on, yet it is acceptable for them, because the true "standard of tawhid" that erases all sins is support and financing for them.

As for the "standard of kufr" for these murtaddin, it is fighting their factions or merely opposing them. They would practice takfir against those who fought them, with words or swords. They made jihad against them as one of the greatest forms of jihad, even if they were muwahhid Muslims who would fight them over their kufr and their disruption of the religion. And whoever ceased from fighting them would not have had a problem with them, even if he was the worst kafir! With this false standard, they declared the Islamic State and its soldiers as kafir, in word or deed, simply for fighting those sects that refrain from establishing the religion. With this false standard, one of the tawaghit of the murtaddin in Sham rules that there is no problem between his faction and Crusader France because it does not fight them and leaves them to devote themselves to fighting the muwahiddin and preventing the establishment of the Shari'ah of the Lord of all creation!

And back to what the foolish murtadd factions did in Palestine, we ask: what would their response be if their brothers among the Sahawat in Sham applied their false "standard of tawhid" to the tawaghit of the Jews, because they were hostile to the Nusayri taghut and Iran, and declared their support for the taghut Netanyahu in his war against the people of Palestine because its parties and factions support Iran and its Rafida militias in its war against the people of Sham? And what would their response be if they declared him the "Shahid of Sham" after his death because he had achieved their "standard of tawhid", which was his bombing of Iran and killing many of its leaders and soldiers in Sham? Would they be happy or sad for that? May Allah kill them all wherever they are found, and all praise is due to Allah, the Lord of all creation.
